

January 29, 2019

dearest jak w partner,

we want to thank you for another amazing year. 2018 was filled with so many highlights for our team . . . we worked on beautiful projects, made new friends in the industry, expanded our reach in to new parts of the country, travelled the globe in search of innovative designs, and had the honor of partnering with some amazing new manufacturers.

with all that happened, we thought it might be helpful to give you a quick recap of what's in, what's out, and who's who on the jak w team. we hope you find this quick cheat sheet helpful. please feel free to distribute with abandon.

we look forward to seeing much more of you in 2019!

cheers,
jak w
